Lorelei

Marty Robbins

Lorelei (Lorelei)
Where have you gone without me
Why have you left me all alone

Lorelei (Lorelei)
I thought you cared about me
I know your heart's made of stone

I walk through the valley where we used to wander
Your name, the night when sad, you cried

Lorelei (Lorelei)
Only sad echoes answer
An echo that tells me goodbye

I walk through the valley where we used to wander
Your name, the night when sad, you cried

Lorelei (Lorelei)
Only sad echoes answer
An echo that tells me goodbye
