

One Of You (In Every Size)

Marty Robbins

Well honey I'll take one of you in every size

I don't want pretty presents tied with big bright bows
What I want for Christmas Santa doesn't know
I don't want socks and shirts and ties I wanna hear your lovin'
lies
I'll take one of you in every size

You're the very doll I want for Christmas
One that gives real kisses and breathes sighs
I don't want another single thing for Christmas
I'll take one of you in every size

I wanna hear you promise that you'll love just me
That'll mean more than presents 'neath my Christmas Tree
Fancy things couldn't take the place of finding you wrapped up
in lace
I'll take one of you in every size

You're the very doll I want for Christmas
One that gives real kisses and breathes sighs
I don't want another single thing for Christmas
I'll take one of you in every size
I'll take one of you in every size
I'll take one of you in every size
