

# Please Don't Blame Me

**Marty Robbins**

Tonight is the last time I'll see you  
So if I hold you a little too tight  
Please don't blame me  
Tonight is the last time I'll see you

So if I cry a little too much  
Please don't blame me

You want back your old love letters  
'Cause we have to part  
But I'll never give you back  
The ones you've written to my heart

Tonight is the last time I'll see you  
So if I don't want to let you go  
Please don't blame me

You want back your old love letters  
'Cause we have to part  
But I'll never give you back  
The ones you've written to my heart

Tonight is the last time I'll see you  
So if I don't want to let you go  
Please don't blame me
