

# Rainbow

**Marty Robbins**

Did you ever find yourself a chasing rainbows  
When that pot of gold was right there in your arms  
Did you ever take the one you love for granted  
And tried to win another's charms

I've been blinded by the color of the rainbow  
I've been steppin' over dollars just for dimes  
Did you ever find yourself chasing rainbows  
When that pot of gold was right there all the time

I've been blinded by the color of the rainbow  
I've been steppin' over dollars just for dimes  
Did you ever find yourself chasing rainbows  
When that pot of gold was right there all the time...
