

# The Way I'm Needing You

Marty Robbins

There's someone in my arms who really needs me  
And she doesn't turn from me the way you do  
She's not you and I know that she can't be  
But she's needin' me the way I'm needin' you

She's needin' me the way I'm needin' you  
Like me she doesn't know quite what to do  
She's holdin' on to nothin' but I guess that I am too  
She's needin' me the way I'm needin' you

When she turns to me it's 'cause she wants to  
And not because it's somethin' she must do  
It hurts to know she hurts the way that I do  
That she's needin' me the way I'm needin' you

She's needin' me the way I'm needin' you  
Like me she doesn't know quite what to do  
She's holdin' on to nothin' but I guess that I am too  
She's needin' me the way I'm needin' you  
Yes, she's needin' me the way I'm needin' you
