

## By Your Side

MARUV

Waiting for you  
Come pick me up  
Don't mind  
Don't care where we go

Hope it's okay  
If I kiss you first  
Is it right?  
I don't really know

Tell me  
Is it weird  
All I hear is  
Your heartbeat

Drown me  
In your eyes  
All I need is

Tonight  
By your side  
In this sweet tide  
Kiss you all night

Baby tonight  
By your side  
In this sweet tide  
Kiss you all night

What's a girl to do now  
Never fell in so hard  
Is it right?  
Who would've know

Forever is only  
A beautiful word  
We have now  
Minutes to go

Tell me  
Is it weird  
All I hear is  
Your heartbeat

Drown me  
In your eyes  
All I need is

Tonight  
By your side  
In this sweet tide  
Kiss you all night

Baby tonight  
By your side  
In this sweet tide  
Kiss you all night

I'm not the one to kiss and tell  
But this has been as good as hell  
I'm way too drunk to have a plan  
But you're so sweet, god damn, got damn

I'm not the one to kiss and tell  
But this has been as good as hell  
I'm way too drunk to have a plan  
But you're so sweet, god damn, got damn

Tonight  
By your side  
In this sweet tide  
Kiss you all night

Baby tonight  
By your side  
In this sweet tide  
Kiss you all night

(By your side, by your side  
Your side, your side, you side  
So sweet, so high  
So sweet, so high  
So sweet, so high)
