

Dear Santa

MARUV

Saint Santa, please, let me know
What I should do to be a good girl
I know I don't cook and I love it low
I need a magic stick to get a good glow

New Year is coming, holidays too
And I don't want to turn back blue
So, here's is my letter, and here is my song
Please, send me someone who will turn me on

Dear Santa, be a good boy
You know all good girls love to enjoy
This year I want to receive
Someone damn special under my tree
Someone damn special under my tree
Someone damn special under my tree
So fucking special!

You see my eyes sparkling every time (every time)
When I check the calendar of Australian guys (so nice)
Let's agree on someone out of those twelve (god damn)
To first set my fire and then stop it well

Dear Santa, be a good boy
You know all good girls love to enjoy
Dear Santa, be a good boy
You know all good girls love to enjoy

Dear Santa, be a good boy
You know all good girls love to enjoy
This year I want to receive
Someone damn special under my tree
Someone damn special under my tree
Someone damn special under my tree
So fucking special!

Dear Santa, be a good boy
You know all good girls love to enjoy
Dear Santa, be a good boy
You know all good girls love to enjoy
