MARUV

That boy is so amazing  
His smile drives me crazy  
I wanna play with you like a toy  
You're gonna be my bad bad boy

Love me, kill me, tell me your price  
Let me take you to paradise  
We'll explode like a dynamite  
Just be my baby tonight

Ecstasy  
Baby, just you and me  
Wild and tender  
Just surrender  
To my fantasy

Destination is ecstasy  
Baby, just you and me  
Wild and tender  
Just surrender  
To my fantasy

Destination is ecstasy  
Ecstasy

You're my spark, I'm firestarter  
In the dark I'll love you harder  
We'll explode like a dynamite  
Just be my baby tonight

I'm your truth, I'm your liar  
Execute all your desires  
Come on baby, light my fire  
Take me higher

Destination is ecstasy  
Baby, just you and me  
Wild and tender  
Just surrender  
To my fantasy

Destination is ecstasy  
Ecstasy

Love me, kill me, hold me tight  
That's okay, I'm alright  
Mmm! Ah! It's not a crime  
Hit me baby one more time!

Love me, kill me, hold me tight  
That's okay, I'm alright  
Mmm! Ah! It's not a crime  
Hit me baby one more time!

Hit me baby one more time!  
Don't stop!  
Oh my god!

Ah!  
Hit me baby one more time!  
Don't stop!  
Ah!
