

You're checkin' the sign  
You want me, oh  
You want them, try  
Undress me slow  
I'll catch your eye  
You'll see me glow  
Don't be so shy  
We need to go

I'm the coolest bitch in the city  
Ah, ah, I'm so damn pretty  
I'm the coolest bitch in the city  
Ah, ah, I'm so damn pretty  
Boost falling from my mind  
La la la la  
Boost falling from my mind  
La la la la

You drink so much  
Then rock me slow  
I feel your touch  
No time to row  
Don't be so shy  
Show must go on  
I want to dance  
You want to go

I'm the coolest bitch in the city  
Ah, ah, I'm so damn pretty  
I'm the coolest bitch in the city  
Ah, ah, I'm so damn pretty  
Boost falling from my mind  
La la la la  
Boost falling from my mind  
La la la la

We're under the cover  
We don't need no sleep  
You need to work harder  
Ain't going too deep  
I don't need no other  
You show me your trick  
You need to work harder  
Ain't going too deep  
(Baby I'mma be your motivation)

I'm the coolest bitch in the city  
Ah, ah, I'm so damn pretty  
I'm the coolest bitch in the city  
Ah, ah, I'm so damn pretty  
Boost falling from my mind  
La la la la  
Boost falling from my mind  
La la la la
