

Lonely

MARUV

[Verse 1]

Is anybody at home?
Feels like I'm alone
I never felt so low
I'm out of comfort zone
Been searching for someone
And this is all I want
I've lost my faith, I'm feeling so stoned,
I'm feeling stoned

[Hook]

I'm lonely lost in this town
I need you right now
I'm lonely lost in this town
I need you right now
I'm lonely lost in this town
I need you right now
I'm lonely lost in this town
I need you right now

[Verse 2]

Do you have a prayer
when life goes other way?
Tripped that through your mind
Guided like a blind
Been talking to myself
I'm somebody else
I will not make
I will not wait I wanna try
I wanna try

[Hook]

I'm lonely lost in this town
I need you right now
I'm lonely lost in this town
I need you right now
I'm lonely lost in this town
I need you right now
I'm lonely lost in this town
I need you right now

[Outro]

Is anybody at home?
Is anybody, anybody
Anybody at home?
Is anybody?
