

Put Your Hands Up

MARUV

Uh ah, uh ah
Uh ah, uh
Put your hands up
Put your hands up

Sun goes up
Money on the floor
Wish you loved me
More then that new hoe
Let myself get higher and higher
Wish you loved me, motherfucking liar

Laser lights
Everybody on ice
Drink champagne so live and loud
Laser lights
Everybody on ice
Keep it rolling until I pass out

Laser lights
Everybody on ice
Drink champagne so live and loud
Laser lights
Everybody on ice
Keep it rolling until I pass out

Uh ah, uh ah
Uh ah, uh
Ah ah

Uh ah, uh ah
Uh ah, uh
Put your hands up
Put your hands up

Sun goes up
You're lying on the floor
Lips so cold
Won't kiss her anymore
This is how
True ladies say goodbye
Father told me
No body - no crime

Laser lights
Everybody on ice
Drink champagne so live and loud
Laser lights
Everybody on ice
Keep it rolling until I pass out

Laser lights
Everybody on ice
Drink champagne so live and loud
Laser lights
Everybody on ice
Keep it rolling until I pass out

Uh ah, uh ah
Uh ah, uh
Ah ah

Uh ah, uh ah
Uh ah, uh
Put your hands up
Put your hands up

Uh ah, uh ah
Uh ah, uh
Put your hands up
Put your hands up
