

(Uh, solo dame tu amor
Por favor)

It is love at first sight
Caliente heart
Muy mal mind

Pull me closer
Blow my mind
That's the sacred wish I hide

You, car and sleepless nights
All these things feel so right
Between my hips, you hold me tight
That is what I want tonight

We want what we want
Wish I could stop, but I don't
You're something that I really need
And that's my only plea

Uh, solo dame tu amor
Por favor
Uh, solo dame tu amor
Por favor

Uh, solo dame tu amor
Por favor
Uh, solo dame tu amor
Por favor

Tus manos calientes me queman la piel
Me suben el pulso tus labios de miel
Me comes lamiendo mi dulce pastel
Ser tu juguete is my favourite papel

Step by step
In the dark
You get low
What a luck!

Make me tremble
Make me spark
Now your tongue is my favourite drug

My heart skipped a beat
Now you take the lead
Thanks god that you can't feel
Butterflies that you revealed

They're screaming a battle cry
For you to get me high and high
It's something that I really need
And that's my only plea

Uh, solo dame tu amor
Por favor

Uh, solo dame tu amor
Por favor

Uh, solo dame tu amor
Por favor
Uh, solo dame tu amor
Por favor

Tus manos calientes me queman la piel
Me suben el pulso tus labios de miel
Me comes lamiendo mi dulce pastel
Ser tu juguete is my favourite papel

Solo dame tu amor
Solo dame
Solo dame
Solo dame tu amor
Solo dame
And that's my only plea

Solo dame tu amor
Solo dame
Solo dame
Solo dame tu amor
Solo dame
And that's my only plea
