

In The Beginning Of Relationships

Marvelous 3

Go

Well, she's standing on the corner with a crooked runny nose
Smiling 'bout the good sex she had
But the smiling goes away 'cuz she won't see him today
'Cuz he'll be hangin' with a stripper girlfriend

And there's a reason for your shaky hands
The ditching of the one night stands
You put your single friends up on the shelf
You are jealous when he's having fun
You know your not the only one
You gotta have him all to yourself

"This is what it's like, this is what it's like, this is what i
t's like", she said
"This is what it's like, this is what it's like in the beginnin
g of relationships"

You start freaking out because he hasn't called you
When he said he would so smoke and drink and cuss at the floor
About the time you reach hysterics, you call up his sister Eric
a
And ask her if he likes you anymore

Now your stomach's like a gravel pit, you don't think you can h
andle it
You tryna' think of how you're gonna break the news
When he finally calls, you give in and you realize you're livin
g in
A battle that you're probably gonna lose

"This is what it's like, this is what it's like, this is what i
t's like", they say
"This is what it's like, this is what it's like in the beginnin
g of relationships"

"This is what it's like, this is what it's like, this is what i
t's like", they say
"This is what it's like, this is what it's like in the beginnin
g of relationships"

We should just be friends
