

# Shoot Me Down

Marvelous 3

(b. walker, j. harte, d. child)

I never thought I'd slip and fall.  
Now I know I'm in too deep.  
Crack your whip and make me crawl.  
Girl you know I'd kiss your feet.

Your lips, your eyes, they hypnotize.  
They leave me helpless.  
Come pull the trigger, I'm your gun.  
And leave me lifeless.

Shoot me down, come on baby; ready, aim and fire.  
Shoot me down to the ground, kill me with desire.

No one told me love would be this way.  
You pay for pleasure with your pain.  
Girl you give it, then you take it away.  
I'm addicted to your twisted game.

Your touch, your heat, girl I can't speak.  
You leave me breathless.  
You put a bullet through my heart,  
Cus' I'm on your hit list.

Shoot me down, come on baby; ready, aim and fire.  
Shoot me down to the ground, kill me with desire.

Shoot me down and don't have mercy.  
Just make sure your weapon is your love.

Your lips, your eyes, they hypnotize.  
They leave me breathless.  
Come pull the trigger, I'm your gun,  
And leave me lifeless.

Shoot me down, come on baby; ready, aim and fire.  
Shoot me down to the ground, kill me with desire.  
Shoot me down, come on baby, take my lovin' higher.  
Shoot me down to the ground, make me walk the highwire.
