

# Feel All My Love Inside

Marvin Gaye

Now we're makin' love  
Now we're makin' love  
Now we're makin' love  
Where'd you get such sweet sugar?

I'll be lovin' you day and night  
In and out, wrong or right  
'Cause I want you, baby  
For my wife

Oh girl, you're so divine  
You're everything I've ever wanted  
You're everything that's on my mind  
Is it real?

That we're makin' love  
That we're makin' love  
That we're makin' love  
Oh my my my my my

Keep right on kissing me  
When I'm kissing you  
I know you know  
What this is leading to

You know real soon, baby  
I'll be stroking you in and out  
Up and down, all around  
I love to hear you make those sounds

I'm gonna be lovin' you in and out  
Up and down, all around  
'Cause I love to hear you  
Make those sounds

I'm gonna be stroking you in and out  
Up and down, all around  
I love to hear you, baby  
Make those sounds

I'm taking you here and there  
And all around the world  
I love to hear you, girl  
Make those sounds

Oh angel, ooh yeah  
Oh you're great baby, best thing around  
Oh angel ... ooh angel  
Be my pride girl

Oh sugar, my love's so fine  
Live with me, live with me baby  
In love so real  
In love so real
