

# I Got to Get to California

Marvin Gaye

I got to get to California right away  
I got to get to California right away  
Just to see the evening sun setting in the west  
Breaks my heart, reminds me of the true love that I left  
In the sunset I can see my baby's face just haunting me  
Reminding me of the tenderness that heaven knows was in her kis  
s  
I had a love that was mine mine mine mine alone  
But I played the fool and Lord I left my happy home  
What a fool a man can be, but this loneliness inside of me says  
I got to get to California right away  
I got to get to California

I wish I was there by my baby's side  
Lord I wish I had listened to my heart and not my pride  
She tried to tell me that I had no reason to tell her she was..  
.

I was blinded by my pride and I just couldn't see  
Now I've got to hurry, I've got a reason to worry  
I've got to be on the move, true love I'm gonna lose  
I pray it's not too late, oh I might have to catch a freight  
I got to get to California right away  
I got to get to California right away

Ohhhhhh may have to hitchhike baby  
Might have to hop a freight  
Yea yeah now I've got to hurry  
Now I've got a reason to worry  
I've got to be on the move  
Or true love I'm gonna lose  
What a fool a man can be  
But this loneliness inside of me says  
I got to get to California right away  
I got to get to California

Might have to hitchhike, baby  
Might have to hitch a ride  
Oh now now I got to get to California
