I'm Gonna Give You Respect

Marvin Gaye

```
I don't wanna hear no trouble talk
People telling me what they seen you do
Girl, we got understanding and I don't wanna ruin it
If I wanna find something wrong, I'll go catch you doing it

You got what I need baby (don't wanna lose you)
I don't wanna lose you (don't wanna, don't wanna, don't wanna l
ose you)
So I'm gon' give you respect and I want to protect
Our love (this love of ours, yeah, yeah, yeah)

I'm gonna act so naive
When people tell me you're gone this evening
You're the only one who's brought me peace and joy
What we share, Lord knows, I ain't about to destroy

I don't wanna lose you (don't wanna, don't wanna, don't wanna l
ose you)
So I'm gon' give you respect and I want to protect
Our love
I don't wanna lose you, sugar

You possess all the things I been searching for
You're the only one I worship and adore
What you got baby, so many fellas are trying to find
I'm not fix it so some other guy can beat my time

I don't wanna lose you
So I'm gon' give you respect and I want to protect
Our love
(Respect, wanna protect)
Little girl
(Sugar, sugar now)
I don't wanna lose ya
So I'm gonna give you respect
And I want to protect our love
You deserve it, baby
This love of ours, yeah, yeah
```
