

# Keep On Lovin' Me Honey

Marvin Gaye

Keep on lovin' me honey, keep on lovin' me true  
Baby, I'm gonna love you no matter what you do  
Just so long as I can have it all, nothin' but you  
So don't you take your love, don't take it away from me  
Cause I would stop right where I stand  
I'd just be afraid of a man  
Don't you take your love, don't take it away from me  
Cause if you leave you might as well take the air I breathe

Keep on lovin' me honey, don't you go nowhere  
Don't you know I'm satisfied with your tender care?  
And I get my inspiration, darlin', just knowin' you're there  
So don't you take your love, don't take it away from me  
Cause like a leaf out on a tree  
You've become a part of me  
Don't you take your love, don't take it away from me  
Cause if you leave you might as well take the air I breathe

Would you take the heavens out of the sky  
Imagine what the world would be like if the rivers ran dry  
Oh Tammi  
What good am I without you  
I can't do without you, darlin'  
Like a sea without a shore  
Kicking forever more

Keep on lovin' me honey, don't you change your mind  
Sugar, I can't bear the thought of ever leavin' you behind  
No matter what I do, another you I'll never find  
So don't you take your love, don't take it away from me  
Cause I would stop right where I stand  
I'd be afraid of a man

Don't you take your love, don't take it away from me  
Cause if you leave you might as well take the air I breathe  
If you leave you might as well take the air I breathe  
Don't you take your love, don't take it away from me  
Cause I need your love, I need you so desperately  
Don't you take your love, don't take it away from me
