

My Last Chance

Marvin Gaye

I think this is my last chance
My last chance
My last chance
My last chance with you

Hey, baby
May I have this dance?
I've been waiting all night
For the song to be right
Now they've turned down the lights

Hey, darling
May I have this dance?
Oh baby

My love is real

I think this is my last chance
My last chance
My last chance
My last chance

Hey, baby
Dance with you
And maybe you'll see
What I feel is really real
For you

Hey, baby
May I have this dance?
This is my last chance
To get close to you
If you only knew
What I've been going through

Oh, baby
I'm just a shy guy
I'm so nervous
Girl, but I gotta try

Girl, please, take my hand
Dance with me, baby
Please dance real close to me

I think this is my last chance
My last chance
My last chance
My last chance
My last chance
My last chance...
