Time To Get It Together

Marvin Gaye

Time...Time... Jesus said time would heal ALL WOUNDS Time...Time...Time But we have to live right to get the time Time...Time...Time Time...Time...Time Please, Time, you got to be a friend of mine Sometimes I am unable to move I let temptation get me off of my groove Sometimes I get it Sometimes it's hard To stay with it But right now, get it, gotta get it, get it Got to stay with it Makin' up my mind, yeah Gonna get it together Gonna love every day every night till I get it All right Pretty good lovin', oh Get it together Gonna love every day every night till I get it All right - good lovin', oh Gonna get it together Gonna love every day every night till I get it All right - good love Gonna get it together Gonna love every day every night till I get it All right, baby Gonna get it together Gonna love every day every night till I get it All right (Tick tock tick tock tick tock tick tock -My life's a clock and it's winding down) I've been racing against time Trying my best to find my way Change our world in just one day Blowin' coke all up my nose Gettin' in and out my clothes Foolin' 'round with midnight ho's But that chapter of life's closed From the day you're born Till the day you're in the ground I've been racing against time Trying my best to find my way Change our world in just one day Blowin' coke all up my nose Gettin' in and out my clothes Foolin' 'round with midnight ho's But that chapter of life's closed From the day you're born Till the day you're in the ground
