

# Try My True Love

Marvin Gaye

Baby if you're walking down on a one way road  
And heartaches are your heavy load  
Don't you let it get you down  
It's time to start looking around  
And if you're looking for sincerity  
C'mon girl look at me  
If love's treated you unkind  
I'm gonna make things right this time

If your poor heart has turned cold  
C'mon  
C'mon try my true love  
If things got out of control  
Baby try my true love

Honey don't lock your heart inside  
A heart should always feel alive  
With happiness flowing free  
Full of love and never, never empty

So leave all the doubt behind  
Reach out for love, try to find  
Don't look back and be misled  
Take my hand, future lies ahead

Oh baby  
If you're looking for love and can't find it  
C'mon try my true love

Don't let happiness pass you by  
Take a step forward baby  
You got to try  
Honey you got to try

Put your heart in my hand  
And I'll help you to understand  
That darkness can be the light  
If you go about it right

There's no need to be apart  
I'll be waiting with open arms

If you leave past behind you  
C'mon try my true love  
If you're looking for love and can't find it  
C'mon try my true love  
If you are walking down a one way road  
C'mon try my true love
