

# For the Rest of My Life

Marvin Sapp

Yesterday I was thinking, oh, thinking a lot of You  
Reminiscing all the good times  
All the bad times You brought me through  
In the midst of them all, You were always there, honey  
To remind me that I can't make it on my own

Oh, when I felt unloved You were there beside me  
In the midst of my storm You calmed the raging sea  
How can I repay You for the protection that You give?  
I made a decision, for You I'm gonna live, whoa, whoa, whoa, whoa

For the rest of my life  
I'm gonna make it up to You  
Oh, You've been good to me, so very good

I would take nothing for journey, no  
Made a decision, Lord, for You I'm gonna live

Well, I'm sometimes up and I'm sometimes down  
But You never let me feel as if I was nothing for You're always around  
To lift my bowed down head, to fill my heart with gladness  
With You in my life it makes a living worth the while

So for the rest of my while  
Said, I'm gonna make it up to You  
You've been good to me, so, so very good

I would take nothing for journey, now, no  
Made a decision, Lord, for You I'm gonna live

So for the rest of my life  
Said, I'm gonna make it up to You, yeah  
Oh, You've been good to me, so very good

I would take nothing for journey, now, no  
Made a decision, Lord, for You I'm gonna live

Said this is the way I'm gonna live  
[?] I'm gonna live, no

I don't wanna live this life  
I don't wanna live this life  
I don't wanna live this life  
I don't wanna live this life

I don't wanna live this life  
I don't wanna live this life  
I don't wanna live this life  
I don't wanna live this life

I can't live, I can't think, I can't sleep, I get weak  
I said I need You, I need You, Lord  
I said I need You, I need You, Lord

I can't live, I can't think, I can't sleep, I get weak  
I need you, everyday, every hour, I need You  
Can't live without You, You've been there and I've been to myself

I said I need, I said I need, I said I need, oh

I need You, Lord, said, I need You, Lord, said, I need You, Lord  
I need You, Lord, said that I need, I need you, Lord  
Said that I need, I need You, Lord, Said that I need, I need You, Lord  
Said that I need, whoa, I need You, Lord, I need You, Lord, yeah  
I need You, Lord
