

Lord Send Your Anointing

Marvin Sapp

Lord, send Your anointing here
Let it fill our hearts, oh
We invite Your presence now
Let fear and doubt depart from here, depart from here
Send peace, send grace within this place

Lord, send Your anointing here
Let it fill our hearts, oh
We invite Your presence now
Let fear and doubt depart from here
Send peace, send grace within this place

We know it's not by power or strength
But by your presence, Lord, send Your presence
And every battle You will win
Lord, if You near us, please won't You hear us?

Lord, send Your anointing here
Let it fill our hearts, oh
We invite Your presence now
Let fear and doubt depart from here
Send peace, send grace within this place

I'm gonna, sing it one more time

We know it's not by power or strength
But by your presence, Lord, send Your presence
And every battle You will win
Lord, if You near us, please won't You, won't You hear us?

Lord, send Your anointing here
Let it fill our hearts, oh
We invite Your presence now
Let fear and doubt depart from here
Send peace, send grace within this place
Let fear and doubt depart from here
Send peace, send grace within this place

Let fear and doubt depart from here
Send peace, send grace within this place
Let fear and doubt depart from here
Send peace, send grace within this place

He's already here to wipe away all your tears
Put a smile on your face, He's all in this place
Say, oh, He's already here to wipe away all your tear
Said, He's gonna put a smile on your face, oh, He's all in this place
Sing it for me now

He's already here, wipe away every tear
Put a smile on your face, He's all in this place
He's already here, wipe away every tear
Put a smile on your face, He's all in this place

He's already here, wipe away every tear
Put a smile on your face, He's all in this place
He's already here, wipe away every tear

Put a smile on your face, He's all in this place

Let fear and doubt depart from here
Send peace, send grace within this place
