

Never

Marvin Sapp

Y'all ready?

There has never been a time
You let me down, down
Inspite of all, the wrong I've done
Your love is still around

You been there for me, taken care for me
Even I was still alone, your love remained strong
That is why I'm grateful, I take this time to thank you
Even when I left your hand, your love, it always came through

There has never been a time
You let me down, down
Inspite of all, the wrong I've done
Your love is still around

When my money was acting funny, my faith in God wavered
Because you give me so much favor
Even when I paid my bills, I didn't have to miss a meal
You were always there for me and my wife, that's why I can testify

There has never been a time
You let me down, down
Inspite of all, the wrong I've done
Your love is still around

There has never been a time
You let me down, down
Inspite of all, the wrong I've done
Your love is still around

There is not one person in my life that I can say
That has never let me down, or has always made a way
Ooh, I used to wonder why but now I know this is true
But now I know there is nobody else, that can meet my needs
Nobody like you!
(Yeah!)

Never
Never
Never, let me down
Never
Never
Never, let me down
Never
Never
Never, let me down
Never
Never
Never, let me down

Never
Never
Never, let me down
Never
Never

Never, let me down
Never
Never
Never, let me down
Never
Never
Never, let me down

No
Never
