

## Praise Him In Advance

Marvin Sapp

I've had my share of ups and downs, times when there was no one around,  
God came and spoke these words to me, praise will confuse the enemy. [repeat 2x]

I started singing, I started clapping, I started dancing, people were laughing,  
they knew my problems, they knew my pain, but I knew God would take them away.

I have my share of ups and downs, times when there was no one around,  
God came and spoke these words to me, praise will confuse the enemy. [repeat 2x]

I started singing, I started clapping, I started dancing, people were laughing,  
they knew my problems, they knew my pain, but I knew God would take them away.

That's why I praise him with my hands, that's why I praise him with a dance,  
He's given me a second chance, come on lets praise him in advance.

That's why I praise him with a song, when things are right and when they're wrong,  
He's given me a second chance, come on lets praise Him in advance.

Praise Him  
Praise Him  
Praise Him  
Praise Him  
Praise Him  
Praise Him  
Praise Him in advance.
