

The Best In Me

Marvin Sapp

He saw the best in me
When everyone else around
Could only see the worst in me
Can I tell y'all one more time
One more time?

I said He saw the best in me
When everyone else around
Could only see the worst in me
I wish I had a witness tonight
All I need is one
Hey

He saw the best in me
(When everyone else around me)
When everyone else around
(Could only see)
Could only see the worst in me

Does anybody have that testimony?
When folk walks you off
Said you would never make it
What did He see?

He saw the best in me
(When everyone else around you, yeah)
When everyone else around
(Could only)
Could only see the worst in me

Can I tell y'all one more thing?
I just need to tell you one more thing
(Listen to this)

See, He's mine, and I am his
It doesn't matter what I did
He only sees me for who I am
Does anybody know that today?

See, He's mine, and I am his
It doesn't matter what I did
He only sees me for who I am
Does anybody know that today?
(Help me sing it)

Said that He is mine
See, he's mine
I'm his
And I am his
It doesn't matter what I did
It doesn't matter what I did
Cause He only sees me for who I am, yeah, yeah
He only sees me for who I am
I'm so glad

That He is mine
He's mine

Yeah
And I'm his
It doesn't matter what I did
It doesn't matter what I did
He only sees me
He only sees me for who I am

He saw the best in me
When everyone else around
Could only see the worst in me

I wish I had a witness tonight
Can I ask y'all one question?
The question is simply this
What did he see?

He saw the best in me
(When everyone else around me)
When everyone else around
(Could only see))
Could only see the worst in me

I can't get no help up in here
Because there are some folk in here
People wrote you off
Said you would never amount to anything
Said that you would never end up being anywhere
But tell them one more time

He saw the best in me
(When everyone else around me)
When everyone else around
(Could only see)
Could only see the worst in me

When mama said you would never be nothing
When aunties and uncles said you would never amount to anything
When daddy didn't come home anymore
He didn't look at you and said that
You wasn't going to make it
God looked at you
And what did he see
What did he see?

He saw the best
The best
The best
The best
The best
The best
The best
The best
The best
I said, what did he see?
I said, what did he see?
I said, what did he see?
I said, what did he see?
I said, what did he see?
I said, what did he see?

He saw the best in me
(Oh Lord, oh lord)

Can I sing the verse one more time, listen to this y'all

I love this, I love this

See, he's mine, and I am his
It doesn't matter what I did
But he only sees me for who I am
Oh Lord, yeah

He's mine
And I'm his
It doesn't matter what I did
He only sees me for who I am

Sing it one time

(He is mine, oh)

He's mine
And I am his
(Oh)
It doesn't matter what I did
He only sees me for who I am
He only sees me for who I am

And the reason he sees me for who I am
Because he created me in his image and his likeness

He's mine
He's mine
And I am his
And I'm his
It doesn't matter what I did
It doesn't matter what I did
He only sees me
He only sees me for who I am

He saw the best
He saw the best
