

Columbus

Mary Black

Capo 2. FRET

INTRO:

C D C D

E **A**
Better keep your distance from this whale

E **A**
Better keep your boat from going astray

C#m
Find yourself a partner and treat them well

E **A**
Try to give them shelter night and day

G
'Cos here in this blue light

E **G**
Far away from the fireside

E **G** **D**
Things can get twisted and crazy and crowded

Em
You can't even feel right

CHORUS:

C
So you dream of Columbus

D
Every time the panic starts

C
You dream of Columbus

D
With your maps and your beautiful charts

Em
You dream of Columbus

G **D**
With an ache in your travelling heart

A **C#m**
See how the cormorant swoops and dives

E **A**
Must be some thrill to go that deep

C#m
Down to the basement of this life

E **A**
Down to where the mermaid gently sleeps

G
Not like here in this blue light

E **G**
Far away from the fireside

E **G** **D**
Where things can get twisted and haunted and crowded

Em
You can't even feel alright

CHORUS:

Em **D**
And as tide must ebb and flow

Am **Em**
I am dragged down under

C **D**
And I wait the livelong day

Am **Em**
For and end to my hunger

C
So I dream of Columbus

D
Every time that the panic starts

C
I dream of Columbus

D
With my maps and my beautiful charts

Em
I dream of Columbus

G **D**
And there's peace in a travelling heart

C
I dream of Columbus...
