

Flesh and Blood

Mary Black

If we leave here today
We could be a thousand miles away
Take to that road, see how far it goes
And on that great ocean road
Oh the country's in our bones
All the trouble that you know
Empties out as you go

Oh walk with me, talk with me
Tell me your stories
I'll do my best to understand you
You're flesh and blood, flesh and blood
Don't refuse me your love
More than words can express
More than wealth or success

Oh there's a thousand things to do
So let's start here with me and you
All the pain that you feel
All the hurt that seems so real

Oh come on, walk with me, talk with me
Tell me your stories
I'll do my very best to understand you
You're flesh and blood

You can't go on holding back the flooding river
Keeping all that fear inside
I understand how trouble haunts you
It haunts me, too
Yes, and I do know how you feel

Oh there's a thousand things to do
So let's start here with me and you
Gonna take a little time
Let's see what we can find

Oh come on, walk with me, talk with me
Tell me your stories
I'll do my best to understand you

Oh won't you walk with me, talk with me
Tell me your stories
I'll do my very best to understand you
You're flesh and blood, flesh and blood
You're flesh and blood
