

# Past The Point Of Rescue

Mary Black

**Am** **G**  
Last night I dreamed you were back again  
**F** **C** **G** **Am**  
Larger than life again, holding me tight again  
**Am** **G**  
Placing those same kisses on my brow  
**F** **C** **G** **Am**  
Sweeter than ever now, Lord I remember how

**G** **Am**  
Couldn't get enough of kissing, do you know how much I'm missin  
g  
**G** **D7**  
No you don't, but I do

CHORUS

**C** **F** **C**  
But I do, and I wonder if I'm past the point of rescue  
**F** **C** **Am** **G**  
Is no word from you at all the best that you can do  
**G**  
I never meant to push or shove you  
**Am**  
Do you know how much I love you  
**G** **D7**  
No you don't but I do

Days like a slow train trickle by  
Even the words that I write refuse to fly  
All that I can hear is your song haunting me  
Can't get the memory out of my head, you see  
Distractions I've been using

Do you know how much you're losing  
No you don't, but I do
