

Nowhere Fast

Mary J. Blige

Hope you're not thinking you ain't the one
Seems you're annoyed by my voice
'Cause you're out there trickin' 'til five in the morning
I don't play that shit
(Oh) Hope you're not thinking you can just leave
Homeboy, please
From the tone of my voice
I know that you can see I don't play that shit

(No, no, no)
I ain't low on self esteem
(No, no, no, no, no)
Other girls don't strike fear in me
I work this relationship nine to five
And I deserve overtime
So you can say what you want
Stay gone long as you want
You ain't leaving me, you ain't leaving me
You can say what you want
Stay gone long as you want
You ain't leaving me, you ain't leaving me (oh)

So I'ma stick around, stick around
'Til I get a return on my investment
All of the nights you had me trippin'
All of the nights you had me stressin'
(You ain't going nowhere)
I'ma stick around, 'til I get a
'Til I get a return on my investment
All of the nights you had me trippin'
All of the nights you had me stressin'
You ain't going nowhere
Nowhere fast, nowhere
Nowhere fast, nowhere
Nowhere fast, nowhere
You ain't going nowhere
Nowhere fast, nowhere
Nowhere fast, nowhere
Nowhere in a hurry

Hope you're not thinking you ain't the one
Seems that you're tired of my face
'Cause you're always looking at some other chick
I don't play that shit
(Oh) hope you're not thinking you can just diss me
Homeboy, please
By the look on my grill
I know that you can tell I don't play that shit

(No, no, no)
Everything ain't what it seems
(No, no, no, no, no)
You ain't going to be ignoring me
I work this relationship nine to five
And I deserve overtime
So you can say what you want
Get mad if you want

You ain't leaving me, you ain't leaving me
You can say what you want
Stay gone long as you want
You ain't leaving me, you ain't leaving me (oh)

I'ma stick around, stick around
'Til I get a return on my investment
All of the nights you had me trippin'
All of the nights you had me stressin'
(You ain't going nowhere)
I'ma stick around, 'til I get a
'Til I get a return on my investment
All of the nights you had me trippin'
All of the nights you had me stressin'
You ain't going nowhere
Nowhere fast, nowhere
Nowhere fast, nowhere
Nowhere fast, nowhere
You ain't going nowhere
Nowhere fast, nowhere
Nowhere fast, nowhere
Nowhere in a hurry

Can't let you get away from me (Let you get away)
Been with you so long, don't wanna be free (No)
I put in too much time
You ain't going nowhere, boy, you are mine
Been through so much with you (With you)
I gave you my whole life (Whole life)
So I'm gonna take my time
Wait patiently for what is mine

You ain't going nowhere
Nowhere fast, nowhere
Nowhere fast, nowhere
Nowhere fast, nowhere
You ain't going nowhere
Nowhere fast, nowhere
Nowhere fast, nowhere
Nowhere in a hurry
