

Leather Queen

Mary Jane Girls

Let me be your leather queen tonight
Let me be your fantasy tonight
Let me be your leather queen tonight
Let me be your fantasy tonight

Some of you guys might be quite surprised
At what I'm about to say
You'll say who is this chick
And what's her stick
And how does she like to play
I've got leather and lace
And a very pretty face
I like a man that's hot!
So if you think you're strong
And you can play all night long
Come on, boy, why not

Let me be your leather queen tonight
I can keep you satisfied
Let me be your fantasy tonight
Make your dreams come true
Let me be your leather queen tonight
I've got leather and lace, baby
Let me be your fantasy tonight

Champagne and wine, very freaky times
Are what I can offer you
We'll take showers and make love for hours
If you want me to
(You got me soakin' wet)
Boy, let's go wild, let's get crazy
Let's make love all night long
Take a chance on this sexy romance
Hope you're strong

Let me be your leather queen tonight
Make your fantasies come true
Let me be your fantasy tonight
Sexual love
Let me be your leather queen tonight
Let me be your leather queen
Let me be your fantasy tonight

Sexual love

Leather queen, leather queen
Leather queen, leather queen
Leather queen, leather queen
Leather queen, leather queen...
