

## Let Your Conscience Be Your Guide

Mary Wells

Let your conscience be your guide  
Let your conscience be your guide  
Oh, baby, if you, if you wanna leave  
Leave me, oh, go on, boy, go on and leave, leave me  
Oh, darling, oh, darling, oh yeah  
Let your conscience be your guide

You know I never, never done you wrong  
I've always stuck by your side  
Oh, baby, you only call, call my name  
Oh, baby, if you could feel, feel the same  
Oh, darling, my darling, oh yeah  
Let your conscience be your guide

If only you could remember  
Just how hot our track  
Please, oh please, don't forget  
I've given you the best years of my life

You know I never never never never done you wrong  
I've always stuck right by your side  
Oh, baby, you only call, call my name  
Oh, baby, if you could feel, feel the same  
Oh, darling, my darling  
Oh, darling, my darling  
Let your conscience be your guide
