

Was It Worth It?

Mary Wells

I know you love me but you can't resist
(You can't resist, you can't resist)
I took this smile and a pretty girls kiss
(A pretty girls kiss, a pretty girls kiss)
Ohh well I made up my mind, I'm leaving you behind
You gonna need me when you are sad and Boozer
(Sad and boozed, sad and boozed)
'Cause you'll remember I was good to you
(Good to you, good to you)
But I won't be around to give you help when you down

Now tell me
W-w-was it worth it (Ooh), for a little fun
Was it worth it, for all the things you've done
Was it worth it, to lose a love like mine

I guess you thought my love would never die
(Never die, never die)
I think of all the times you made me cry
(Made me cry, made me cry)
I'm gonna find someone new, treat me better than you

Now tell me
W-w-was it worth it (Ooh), for a little fun
Was it worth it, for all the things you've done
Was it worth it, to lose a love like mine

Yeah, yeah, yeah was it worth it
Was it worth it, come on now
Was it worth it
