

Afraid Of Water

Masego

My baby shallow she afraid of water
She said she can't swim I think ima call her
My baby shallow she afraid of water
She said she can't swim don't know why I even bother

I know there's something more
She wants what she can't afford
I saw your love language on tour
My baby shallow

123
I think she low key tryna
Front on me
She thinks she heavy
When she comes to sleep
She's got a whole mind
But it's underneath
She still ain't ready cause she

My baby shallow she afraid of water
She Said she can't swim I think ima call her
My baby shallow she afraid of water
She Said she can't swim don't know why I even bother

I saw her one day at the local pool
And she pulled up
She wont even swim
Won't even get in
I see that wet wet wet

She kinda shallow
She afraid of water
She said she cant swim
I think ima call her
My baby shallow she afraid of water
She said she cant swim don't know why I even bother

Why is she insecure
Cause she had it all before
I think she's looking for digital love
That ain't real she don't know what's
Up
And

I see that wet wet wet
