

Bounce

Masego

She is feelin' that strength of the rump, feelin' the strength of the rump
I know, you know, she know
That girl to the left, that girl to the left got buns
Feelin' that strength of the rump, feelin' that strength of the rump
I know, you know, she know
That girl to the right, that girl to the right got buns
Feelin' that strength of the rump, feelin' that strength of the rump
I know, you know, she know
That girl to the left, that girl got a big ol' butt
She is feelin' that strength of the rump, feelin' that strength of the rump
I know, you know, she know
When the beat drops, beat drops, she gon' bounce that butt

Bounce
(She got them yams, yeah)
All of my girls are so fly, yup
And I love 'em, woo

Hol' up
Feelin' that strength of the rump, feelin' the strength of the rump
I know, you know, she know
That girl to the left, that girl to the left got buns
She is feelin' that strength of the rump, feelin' the strength of the rump
I know, you know, she know
That girl to the right, that girl to the right got buns
She is feelin' that strength of the rump, feelin' the strength of the rump
I know, you know, she know
That girl to the left, that girl got a big old' butt
She is feelin' that strength of the rump, feelin' that strength of the rump
I know, you know, she know
When the beat drops, beat drops, she gon' bounce that butt

Bounce (aye)

All of my girls are so fly, yup
And I love 'em, woo

You in the place to be
This is the "No Cell Phone" party
You got your host right here, Masego
Trap house jazzin' it up
He got a Lil' something to say
Talk to 'em son

I'm not trying to crowd around
With my friends around
Gettin' loud and roudy
Then post about it like WOO WOO
Bow bow, screaming loud then you boast about it
Like son, get off the wall
Unless you catching the dance floor
Put down the henny, gon' make a memory
Get on the dance floor
Ladies, why did you come
Tryna be seen? You tryna be seen?
This ain't the 'Gram
You gotta speak, you gotta dance

I know you can dance
Girl, I seen your friends
Gon' take my hand
Gon' take a chance

I know you feelin' that strength of the rump, feelin' that strength of the rump
I know, you know, she know
That girl over there, that girl over there got buns
Feelin' that strength of the rump, feelin' that strength of the rump
I know, you know, she know
That girl to the right, that girl to the right got buns
Feelin' that strength of the rump, feelin' that strength of the rump
I know, you know, she know
That girl to the left, that girl got a big ol' butt
(She got them yams!)

Feelin' that strength of the rump
When the beat drops, beat drops
She gon' bounce that butt
All of my girls are so fly
Bounce
(You know I love them) And I love 'em
