

King's Rant

Masego

Tadow, they be like Tadow
Got a 100 million people screamin Tadow
Had a world tour, made a lotta M's
Had a girl faint overseas, now I'm MJ
Your words not mine, I keep to myself
I do everything, I don't need no help
So dont be talkin' 'bout Masego is slept on
J Cole, Will Smith in my cell phone
You lucky I don't wanna be famous
Cause I would speak on these memories and say things like
I attract ladies with a dormant dream
And I don't see all the things that they wanna see in me
And if I feature on your track, you know that track is mine now
You know I got the Drake effect, you know that it's my time now
Name another nigga look as good as me, play like me
I can't think of 10, I can't think of 3
Like ain't nobody really dope as me
I can see your insecurities
Most of y'all just do it for the green
I just made a lane and plant a tree
Lemme be frank, got me a garden, got me a world, got me a business
Different locations, and I go crazy
Y'all be like Nipsey, but did you hear him?

Question

I'm your ladie's fantasy and your girl a fan of me
And no nigga I won't get a ghost rider
