

Lavish Lullaby

Masego

Wanna use my fame and lay with a model
Say my name my name my name, till tomorrow
We can bang and rang and rang till tomorrow
Just a grain of me remains in the morning

Finally got this gold chain, got me feeling lavash
Gonna not go Cobain, just turned 27
Girl I want the whole bang, 'cause I'm really selfish
Hit me with the morphine, gimmie secret treasures

She don't twerk, but she whine doe
She don't work, Fashion line tho
Feet on bird, 'cause she fly tho
Meat on perk, 2nd mind tho

Wanna use my fame and lay with a model
Say my name my name my name, till tomorrow
We can bang and rang and rang till tomorrow
Just a grain of me remains in the morning

Finally got this big check, now the hoes want me
I stay with the low tech, gotta write ya number
Take a look at this vet in a young body
Girl I bend up that back, if ya lay it on me

Fill up, down down, heal up, kick off
Feel up, round round, get love, gotta go
She loves, down down, she loves you
Get love, down down, with cha

Wanna use my fame and lay with a model
Say my name my name my name, till tomorrow
We can bang and rang and rang till tomorrow
Just a grain of me remains in the morning

I want to get into a fight
I want the ride of the life
I want her off of my mind
I wanta drown it in ice
I got the 9 in the back
I got a dime in the back
I shoot my shot like a free tho
Nothin' but net
Get into a fight
Want the ride of the life
I want her off of my mind
I wanta drown it in ice
I got the 9 in the back
I got a dime in the back
I shoot my shot like a free tho
Nothin' but net

Kobe with the love/hate, get off of me
Gucci sweat, warms up, I'm so booshie
Take ya to the home land, South Africa
Mix it with the romance, I just wanna
Kobe with the love/hate, get off of me

Gucci sweat, warms up, I'm so booshie
Take ya to the home land, South Africa
Mix it with the romance, I just wanna

Wanna use my fame and lay with a model
Say my name my name my name, till tomorrow
We can bang and rang and rang till tomorrow
Just a grain of me remains in the morning

Wanna use my fame and lay with a model
Say my name my name my name, till tomorrow
We can bang and rang and rang till tomorrow
Just a grain of me remains in the morning
