Masego

Juls Baby

If you turn it loud (I'm), I'm always there (Yeah)  
I'm in your radio, I'm always there (Yeah yeah)  
If you turn it loud (I'm), I'm always there (Yeah)  
I'm in your radio, I'm always there

I don't feel the time zone (Yo)  
You can hit my phone (Wow)  
You're the only getting tucked into here  
In my ear drum (Yeah)  
Let me be your future (Future), your nostalgia (Yeah)  
I make these joints for you, timeless and marvelous

I'mma play real loud (I'm), I'm almost there (Yeah)  
I'm at the festival, I'm almost there

If you turn it loud (I'm), I'm always there (Yeah)  
I'm in your radio, I'm always there  
If you turn it loud (I'm), I'm always there (Yeah)  
I'm in your radio, I'm always there

(They say)

I'm a, I'm a, I'm a freak  
That got a different girl every day of the week  
But you smart you'd be dummy to believe  
That story that you heard that they say about me  
They say I wanted this, they say I had that  
But all of this fiction, none of it is facts  
Don't be sunk to the doubts of other  
Let it go in one ear and out the other  
'Cause

If you turn it loud (I'm), I'm always there (Yeah)  
I'm in your radio, I'm always there  
If you turn it loud (I'm), I'm always there (Yeah)  
I'm in your radio, I'm always there
