

Throwin' Shade

Masego

No lie
No lie
Only on Camera, only on Camera

I ain't tryna hear no more Drake flows
I ain't tryna hear that yapdi yap yap and how you so low
I ain't tryna hear no more brag rap
How you got the mean whip and you got stacks, racks
(So you say)
I ain't tryna here no more name drops
I ain't tryna here that blahdi blah blah and how your song hot
I ain't tryna here no more fast rap
Bebbadebabahddhebbadehba
Whack, Whack

You need to be wise
(Dead that)
I'm tired, tired, You need to be wise
(Dead that)
Yeah yeah yeah

Matter of fact
It's that pink polo
The innovative
It's experimental
Fresh and creative
That old K, pre Kim K, that though the wire
That 3k with Andre
That through the wire

I don't need no system
This ain't no game
I take a play-station and throw it away
Just to make my metaphor bang, way, way way
More than
I don't know, Wale Folarin

Shade shade shade
Shade shade shade
Throw it
Shade shade shade
Shade shade shade
Throw it
Shade shade shade
Shade shade shade
Throw it
Shade shade shade
Shade shade shade

('Sego 'Sego
Uncle Sego, Uncle Sego
Uncle Sego, Uncle Sego)

Whatchu want little kid
What... what are you lil' kids listening too?
When you're part of [?]
Ohhhh, this straight fubu burgers right here

You know everybody sound the same
And the beat
The beat sound the same too
It's like a basic kick
Hah ha, God

I ain't tryna hear no more Drake flows
