

Too Much

Masego

Hey!

Get down, get down

Woooo!

Aw I think I just hurt my back, hold on

I got my whip, I got that thang

You ain't impressed, then go away

I got my whip, I got my sway

You ain't impressed, then go away, shawty

It takes too much, too much, too much, to entertain ya

It takes too much, too much, too much, to entertain ya

I swear, I swear

It takes too much, too much, too much, to entertain ya (Ayyyy)

It takes too much, too much, too much, to entertain ya

How you not entertained, when you got it made

I swear, I be getting at you every single day

Talkin' bout you ain't got time, I'm tryna get extensions

I'm just, I'm using my charm, diving up in your mentions

I'm, I'm dancing around, tryna get your attention and I'm

I'm putting it down later on, it won't be no minutes

I get it, you got it, we got it, we all know, I'm just like

Kinda like NBA mess with me get a pension

I'm just sayin' apprehension is somethin' you never need

It takes too much, too much, too much, to entertain ya

(Ayyyy)

It takes too much, too much, too much, to entertain ya

(Ayyyy)

It takes too much, too much, too much, to entertain ya

(Ayyyy)

It takes too much, too much, too much, to entertain ya

It takes too much, too much, too much, to entertain ya

I swear, I swear

It takes too much, too much, too much, to entertain ya (Ayyyy)

It takes too much, too much, too much, to entertain ya (Ayyyy)

It takes too much, too much, too much, to entertain ya

I got my whip, I got that thang

You ain't impressed, then go away

I got my whip, I got my sway

You ain't impressed, then go away, shawty

It take too much, too much, too much, to entertain ya

It take too much, too much, too much, to entertain ya

There go my back again, ahhh!
