

Two Sides

Masego

Two sides, choose your fighter
I'll be your type, it's a fine line
I'm so Gemini, Gemini
Who you tryna see tonight, see tonight?

Brought me to your mama's restaurant
I like free food, so I just played the boyfriend part
I'm not see-through, fooled her on in and out of charm
I'm the key to, gettin' momma off your arm
I'm the real life villain
I'm slick with mine
But I'm a good guy, every other night wait
Say otherwise
I ain't never lie
Leave you open when I lay you down

Two sides, choose your fighter
I'll be your type, it's a fine line
I'm so Gemini, Gemini
Who you tryna see tonight, see tonight?
('Cause I've got) Two sides, choose your fighter
I'll be your type, it's a fine line
I'm so Gemini, inspire
Who you tryna see tonight, see tonight?

Flavor of love, feels like bit of a clementine
Give me the fruit, my diet is alkaline
Think of the light as lime
Only need 15 minutes of 4 play time
And I ain't factor in my 2 sides
I got a foolish life
Who am I now, I be whatever you like
Wanna go insane, yeah, I might be
Damn, are we the same 'cause you like me ('Cause you like me)

Two sides, choose your fighter
I'll be your type, it's a fine line
I'm so Gemini, Gemini
Who you tryna see tonight, see tonight?
('Cause I've got) Two sides, choose your fighter
I'll be your type, it's a fine line
I'm so Gemini, inspire
Who you tryna see tonight, see tonight?

Two sides, choose your fighter
I'll be your type, it's a fine line
I'm so Gemini (Gemini)
