

How Do You Know

Mashonda

Before I get started
Telling you the reasons why I ain't pick up the phone or why I
ain't come home last night
I want you to know I love you
And you mean the world to me
So trust me girl cause I trust you
Please believe the (words) that comes out of my (mouth) or about
where I (live) and who I was (with)
Are you listening?

Last night, no you were hanging out with your boys in the club
And you can't playing on your cards, listen up!
I don't wanna tell you, just tell me the truth!
The reason I know is because I followed you, followed you

Now there's no need for you to look at me like you're surprised
And look at what you do (don't deny) the facts
Boy you had a little better
Every other night, you're missing action
Tell me I'm wrong, you know I ain't
I wanna trust you, but I can't believe the (words) that comes out
at your (mouth) or about where you (live) and who you were (with)
I'm listening!

Last night, no you were hanging out with your boys in the club
(yes I was, yes I was)
And you can't playing on your cards, listen up!
I don't wanna tell you, just tell me the truth!
The reason I know is because I followed you, followed you

I hate my suspicions
So I followed my intuitions
Baby I need you (I can explain)
I'm gonna see you (I swear it, babe)
Don't mean to hurt you (you're my everything)
You know that I love you, baby

Last night, no you were hanging out with your boys in the club
(yes I was, yes I was)
And you can't playing on your cards, listen up!
I don't wanna tell you, just tell me the truth!
The reason I know is because I followed you, followed you
