

Lonely

Mashonda

Sometimes, when I'm alone, I get lonely

I get so lonely, lonely, lonely (I get so lonely)
I get so lonely, lonely, lonely
I get so lonely, lonely, lonely (I get so lonely)
I get so lonely, lonely, lonely

When you're away

I close my eyes

Can't wait for you to return

And there's no way I'll do you wrong, while you gone, I'll be strong

My love is real, no one can change the way I feel

So while you're gone, just think of me, hurry back home

I get so lonely, lonely, lonely (I get so lonely)
I get so lonely, lonely, lonely (so lonely)
I get so lonely, lonely, lonely (I get so lonely)
I get so lonely, lonely, lonely

Infinity is how it feels when I'm with you, baby

It's so unreal, I can't control this how it has in me

No one has ever had this kind of effect on me

So promise me that while you're gone, you think of me

I get so lonely, lonely, lonely (I get so lonely)
I get so lonely, lonely, lonely
I get so lonely, lonely, lonely (I get so lonely)
I get so lonely, lonely, lonely (And I don't wanna be alone)

I get so (I get so lonely, boy) (lonely boy)

When you are gone away

I get so lonely, lonely, lonely (I get so lonely)
I get so lonely, lonely, lonely
I get so lonely, lonely, lonely (I'm just thinking about the time when we together) (I get so lonely)
I get so lonely, lonely, lonely
