

# Never Satisfied

Mashy Muxx

this is the song that got no words  
it seems to resist any kind of force  
this is the song that got no lyrics  
no matter what you do, no matter how you wanna hear it

what comes next is "I know why  
the boy is lazy, he doesn't even try"  
but that's just a six and I got a seven  
"it's not my fault, it's all up to heaven"

right, here comes a nine  
"you just keep tryin' and it's goin' fine"  
but my hand is full and I can choose  
and a writer's block is what I use

this is the song that's got the beat  
so everybody get up on your feet  
and now it even seems to have some lyrics  
there's nothin' you can do, you just have to hear it

huh! huh!  
yo! yo!

can you feel it?  
yo! yo!  
can you hear it?  
huh! huh!

say what you gonna do when you stay?  
say what you gonna do when they're comin' thru, comin' thru?  
are you gonna place it all over you?  
say what you gonna do when they speak to you, and speak to you?  
are you gonna run and try to make it thru?

yeah!

say wee-pah shabba dee!  
wem pem pee-pah shabba dee!  
say wee-pah shabba dee!  
take your dicks and come to me!
