

Relegate

Mashy Muxx

I came to terminate, I came to relegate

('cos) I am the Hirschkugel, pikante Hirschkugel
I'm about to reach ya, and this is how I'll treat ya
I'm about to break your bones and tear you up and eat ya

I'm riding a stag and I got a blue flag and
I'm not gon' play the game, don't care about your fame
and if you ask a week from now, then no one knows your name, 'cos

I came to terminate, I came to relegate
and I came to rock, and I came to fuck

and this is what I do to you on every time, 'cos I can see your
every crime
and I can see your every move, and I possess the tools to make
it right
and this is what I do to you on every day, 'cos I can see your
every way
and I can see your every move, and I can prove I'm not afraid to
fight

and if you
still wanna lick my finger
just make it comin' in over
