Big stinking link inna the road, wagga wagga

Pocket full a money, champagne, pop collar  
Couple million me put dung fi me mother

Just like the plant, this start from the grung  
Nuff things fi talk, weh the grades, weh the rum  
Youths dem a dweet a night now, dem days done  
Crocs govern the grung

Licky, licky bwoy a run come a weh we give him  
Copper inna him face, a energy dem try bridging  
Full a bag a lyrics but me couldn't find riddim  
People used to say, no him no have no talent in him  
But, we keep winning, serious, no teeth skinning  
We roll out, the rimz 'pon the Jeep spinning  
Clothes off like she ready fi go swimming  
She doze off from a long day a singing  
One time she never waan me put the thing in  
Me neck cold, me neck cold, me wrist blinging  
If me say me want you gyal, I'm just kidding  
Me really want a fuck, I'm just living  
Drive who crazy? I'm self-driven
