

Down For Life

Masicka

Gyal, you mek me fall in love with you (Mister Harding)
Fall in love with you, every day again
Whine your waist fi set the trend
You bless, me friend
You mek me fall in love with you
Fall in love with you, every day again
Me no waan the day fi end

If I don't make it home tonight
Will you hold it down for life?
Tell me, tell me, girl
Tell me, tell me, girl
Tell me, tell me, now
If you ask me, you deserve the earth (yeah)
And every planet weh inna the skies
Love me, love you, girl
Love me, love you, girl
Love me, love for life

When you whine your waist (when you whine your waist)
You got me hypnotised (oh God)
Love it when you look me in the eyes
Hey gyal, me see the truth dem in your lies
How this feel..
Say she need fi be me wife (need fi be me wife)
Say she really feel the vibe
Would you really leave me side?

Me hope not
See da body deh, me cyaan do without that
Me would a tek you anyway across the world, gyal
Cah you used to sleep with me 'round a the house back
Bend over

Seductive whine fi me 'pon a slow track
But if me go a cemetery a morning, me darling
Would you put the thing 'pon lock?
Eeh
