Don't worry 'bout me  
Don't you worry 'bout me  
No, no, no, no, no  
Hmm-mmm

Dem can gwaan talk, me nah fall and me nah laugh  
Sidung and a worry 'bout man past  
All a my problems were for sale  
Whole a dem sold off  
When me see dem, me gi' dem, the former hailing  
Man works no have no ceiling  
And when the bwoy dem a ask man a pree dem

Fire, fire, the thing a blaze  
Waan see me dead enuh, so me no too gaze  
Run up 'pon the thing and mek me see a who brave  
Brand new year, same me, no new ways  
Fire, man cry through days  
Whole heap a people a fight through years  
Me fail and come again and find new ways  
Before you rich people no too care  
Man, plant the seed and watch the tree grow  
Dem never know, seed deh the food bear  
Man walk the walk all when me shoes tear  
Swear seh me never beg a man a new pair  
Know seh me a go buss weh, nuclear  
Dem waan kill yoyu fi the car you steer  
Touch the road, bring it home, food share  
You see dah youth year

Dem can gwaan talk, me nah fall and me nah laugh  
Sidung and a worry 'bout man past  
All a my problems were for sale  
Whole a dem sold off  
When me see dem, me gi' dem, the former hailing  
Man works no have no ceiling  
And when the bwoy dem a ask man a pree dem

Jah do wha' you a do, your world, me no cuss  
From you seh the journey fi rough then mek it rough  
Just, spare me life, everything a get crush  
Ashes to ashes, nuff youth get dust  
Man, born smart so me couldn't turn cruff  
Me no joker, me no bluff  
Weh me tell you seh me waan money nuff  
'Memba me tell you seh me waan money nuff  
This year, no graveyard, no handcuff  
Prepare fi shut this down, me anxious  
Tell you seh me ready from me a 1+  
The world a wait, me run up and jus'  
Take what is mine, no beg, never trust  
Dawg dem have the thing lock, never rust  
In case dem waan fi turn the flame on us  
Success is a must, yah hear me

Dem cyaan hold we back, no  
Dem couldn't hold me down for long

Now me know me strong  
Fire inna the rain

Dem cyaan hold we back, no  
Dem couldn't hold me down for long  
Now me know me strong

Dem can gwaan talk, me nah fall and me nah laugh  
Sidung and a worry 'bout man past  
All a my problems were for sale  
Whole a dem sold off  
When me see dem, me gi' dem, the former hailing  
Man works no have no ceiling  
And when the bwoy dem a ask man a pree dem
