

Life without you
You don't have to call me back

Fuckin' lonely at the top of the hill

Charge one inna da nine, when me stack up the mill
Me dawg stuck inna da grime and dat a bother me still
Know me duppy dem no rest because a shotta we kill (Brah)
Rollout so me fresh, me pocket pack and me chill
You will drop a chase you dreams them, a lot of we will
Tupac inna him prime, woulda shock of me skill
Free me demons fi the money, fuck the fame youth
Umbrella in the Rolls Royce fi the rain youth

The street find him a gap, no cheap styling
We do this calmer than Sunday peas boiling
Spend some and put some inna hiding
Big food a big food, the ghetto child bring
Stop who, stop what, me stop rhyming?
The block hot, me strap-strap, me not sliding
Me top that anything me drop me keep rising
Chat-chat, run up on me a suicide thing
Fresh-fresh, like seh a Louis sign him
Shirt match the bloodclaat shoes
Do the right thing (Brap)
Watch it mek we speak legacy
Pussy dem a hype fi likkle vehicle and Hennessy, remedy
Charge the matic fi me enemy, wah the code?
Get the bread, watch me energy, gone me gone
