

Suicide Note

Masicka

You know a 438, you know?
All the pain and suffering over, you nah mean?
And your life, you must relate to material, possession
Take a tremendous turn, you nah mean?

Look in a me life and you will find hope
Ever sit down yet and write a suicide note?
With a 'matic full a nothing funny, do not find joke
This land is like a quicksand, and me couldn't find the rope
Fuck the music, make me sell some weed and we go buy coke
Life rough but man a try cope, [?] mama dry throat
And hungry belly used to kill we, yes, but man have high hope
Buss the cage, yeah man, and touch the stage and sing some high note
Me go war fi the family, them rock my boat
Murder poverty, a celebration like July forth
Pussy switch up on me thing, but me no cry fi guy support
A six in a them face and make them fight 'pon life support
You know a love, a no nothing more
Escape the dirty floor, bring me dawg them 'pon couple tour
A never money now, a Jah me go before
1syde

Get me blessings them and count them, me live high
All when me wings them broken, me still fly
If faith no move the mountain, me still try
You no see say man chosen?
Me never forget the code weh me live by
And me heartless in a the road, them no give bly
Keep my eyes them open
Still fly when me wings them broken (Yeah)

Life a go change, friend a go turn (Yeah)
Link a go pop, bridge haffi burn (Yeah)
Gyal a go give 'way the pussy, and you a go learn
Life a go throw you down if you no firm
So a Eagle 'pon me belly, early bird a get them worm
Evil when me ready, dawg, you haffi stand up stern
How me youth a eat is not a next man concern
Just know a food a eat, yeah, next plan confirmed
Nah go tell no lie, mummy, me know your head up high
Me feel a pain now when you cry, you see them flame them in a me eye (Yeah)
Until the day me die
Me keep on raising fucking hell, and bring the game yah to the sky
And bring the truth, go to me youth
And tell them say me a the proof, a living legend, no deny (Yeah)

Get me blessings them and count them, me live high
All when me wings them broken, me still fly
If faith no move the mountain, me still try
You no see say man chosen?
Me never forget the code weh me live by
And me heartless in a the road, them no give bly
Keep my eyes them open
Still fly when me wings them broken

Ahh, ahh, ahh, ahh

Get me blessings them and count them, me live high
When me wings them broken, me still fly
If faith no move the mountain, me still try

Get me blessings them and count them, me live high
All when me wings them broken, me still fly
If faith no move the mountain, me still try
You no see say man chosen?
Me never forget the code weh me live by
And me heartless in a the road, them no give bly
